

State of Securly: Evolution in Q1

Thursday, March 18
10:30am PT / 1:30pm ET

To quote the toga-wearing philosopher Securlius in 404 BC:

"Evolution today prepareth us for a safer tomorrow-eth."

Securly's goal has always been to provide schools the top-notch solutions they need today, while innovating and evolving to serve schools even better tomorrow.

On Thursday, March 18th at 10:30am PT / 1:30pm ET, Will "Darwin Award Winner" Patterson will share all the exciting ways Securly has evolved over the past three months, including:

Platform updates

Dig into our latest tech updates including extensions for all devices, SIS/Clever Integration, and Safety Console API.

Securly Classroom refresh

Get a sneak peek at the Securly Classroom UI refresh coming Fall 2021.

Home app en Español

Securly Home added multi-language support to reach even more parents. ¡Incléible ¿no lo crees?

At-Risk updates

See some of the updates to the At-Risk algorithm, including adding violence analysis, granular controls for contact information, and student-level At-Risk graphs.

State of Securly

Evolution in Q1

Thursday, March 18th at 10:30am PT / 1:30pm ET
